GARDEN PRODUCTS 2017

Polygroup create products that provide solutions and go one step further than many other rotational moulders.

Rotational moulding large items has never been easy. Polygroup have mastered the technique over the past 40 years and now produce a range of garden products that are recognized throughout the industry as the finest available. Polygroup have been manufacturing and supplying garden products for over 40 years and the last 10 years has seen rapid and sustained progress of the company. Polygroup now has a 15 acre site at Freckleton on the outskirts of Preston which is continuously being developed as manufacturing units are being added.

ORDERING

Ordering your products from **Polytank** has always been easy. We hope you have found us to be extremely responsive, with a real commitment to customer service. We strive to continue in setting those standards even higher. Whatever you need from **Polytank** we are here to help.

DELIVERY

Polytank has earned a reputation for its responsiveness in meeting its customers' needs for prompt delivery and we are determined this is maintained and improved. All stock orders will be delivered using **Polytank** transport on a maximum 10 working day delivery schedule. Single product orders can be taken and will be delivered within approximately 72 hours, using contract transport, where a carriage charge will apply. For further information on **Polytank** products or any aspect of the **Polytank Group** please look at our website.

POLYBARROW

AVAILABLE IN 7 FABULOUS COLOURS

90 LITRE POLYBARROW

For the toughest jobs
and the most
demanding daily tasks

Features

- One piece extra strong moulding
- No bolt/rivet stress points securing the bucket like other barrows
- 400mm 4-ply pneumatic wheel for manoeuvrable lightweight strength
- Front axle attached with 18mm nylon rod for strength
- Non corrosive stainless steel fixings
- Full size 90 litre bucket
- Handy rugged grip handles
- Strong long handles for easy manoeuvrability

This heavy duty wheelbarrow will take the strain of the work, carry impressive weights in its 90 litre bucket and still look good! Manufactured in the UK from medium density polyethylene the Polybarrow is lightweight yet strong with good long handles for manoeuvrability and best of all - no more bashed knees!

Extra strong tipping bar won't twist out of shape or impede the wheel

Amazingly strong twin skin oversized bucket will carry that weight

Strengthening skirt makes the usefully long handles extra rigid

MAX. DIMENSIONS

	MM	INCHES
